

IMPORTANT INFORMATION ABOUT YOUR MADE TO ORDER GARMENTS

GARMENT CARE INSTRUCTIONS

Cheerleading Company recommends washing all uniform items using a mild LIQUID detergent WITHOUT bleach (we recommend "TIDE FREE" or "DREFT") and machine wash separately in a full tub of cold water. Remove promptly from washer when cycle is complete. Tumble dry with low heat polyester double knit items. Hang or lay flat to dry uniforms with SPECIALTY MATERIALS*. Do not use fabric softener on polyester garments as this may affect the soil release properties. Complete shrinkage and colorfastness cannot be guaranteed because of different laundering processes and absorbent qualities of fabric.

Cheerleading Company is not responsible for garments that have been laundered incorrectly or sequins falling off.

- Do not leave wet or damp garment in washing machine, sink or gym bag.
- Do not wash the entire team's uniforms together for the first wash.
- Do not Dry Clean.
- Use Liquid Detergents ONLY, do not use granular detergents.
- DO NOT USE "Woolite", oxygen-based detergents or detergents containing bleach, hydrogen peroxide or chlorine.
- DO NOT USE BLEACH.
- Please note that perspiration, some deodorants, hairsprays and alcohol-based aerosols (i.e. glitter sprays) may affect the color properties of the garment.

*For uniforms made with SPECIALTY MATERIALS, please refer to http://www.cheerleading.com/docs/washwithcare_letter.pdf.

For a list of Specialty Materials, please refer to the Fabrics section of our catalog.

IMPORTANT INFORMATION ABOUT YOUR MADE TO ORDER GARMENTS

Thank you for your order! Your uniforms were made with pride in our Dallas, Texas USA manufacturing facility.

FIT AND ALTERATIONS

Cheerleading Company garments are made to order according to our standard sizing charts. Garments are not manufactured to fit an individual's exact measurements, but body measurements are used to determine which standard size will best fit your cheerleader or dancer. We are able to customize back lengths and skirt lengths at no extra charge.

As with any standard-size garment (similar to a bridesmaid's dress), some alterations may be necessary for the best fit. We offer a generous seam allowance on most garments to allow for easy alterations if needed. Most garments can be let out almost to the next size. Alterations and alteration costs are the sole responsibility of the purchaser.

Regretfully, Cheerleading Company's manufacturing facility is not set up to provide alterations.

As our garments are hand sewn, there may be small tolerances in the length and width of garments. Garments may measure up to +/- 1/2" of the specified length and +/- 1/2" of the specified bust/chest or waist size.

Due to fabric limitations, dye lots, and differences in materials, colors between different types of materials and fill-in orders may not be an exact match.
